

IN THE CLAIMS:

Please cancel claims 14 and 19 without prejudice to or disclaimer of the subject matter recited therein.

Please amend claims 12, 15, 17 and 20-22 as follows:

LISTING OF CURRENT CLAIMS

Claims 1-11. (Canceled)

Claim 12. (Currently Amended) A cable connector comprising:

- a) a housing;
- b) a plurality of transmitting terminals and grounding terminals inserted inside said housing;
- 5 c) a cable having a plurality of transmitting units and grounding lines, each of the plurality of transmitting units having one of the plurality of grounding lines located on each of two opposing sides thereof; and
- d) a connecting part having a protrusion portion engaging said plurality of grounding terminals with said plurality of grounding lines forming an
10 electrical contact.

Claim 13. (Previously Presented) The cable connector according to claim 12, wherein said connecting part is a sheath with an electrical contact material.

Claim 14. (Canceled)

Claim 15. (Currently Amended) The cable connector according to claim ~~14~~, 12, wherein said protrusion portion is formed by a pressing process.

Claim 16. (Previously Presented) The cable connector according to claim 12, wherein said plurality of grounding lines are bent and connected to said connecting part.

Claim 17. (Currently Amended) A cable connector comprising:

- a) a housing;
- b) a plurality of transmitting terminals inserted inside said housing;
- c) a cable having a plurality of transmitting units and grounding lines,
5 each of the plurality of transmitting units having one of the plurality of
grounding lines located on each of two opposing sides thereof; and
- d) a connecting part having a protrusion portion located on a second
10 end, the protrusion portion being forced and coupled to said plurality
of grounding lines forming an electrical contact, wherein a first end of
said connecting part is extended directly and has a plurality of
grounding terminals inserted into said housing.

Claim 18. (Previously Presented) The cable connector according to claim
17, wherein said connecting part is made of an electrical contact material.

Claim 19. (Canceled)

Claim 20. (Currently Amended) The cable connector according to claim ~~19~~,
17, wherein the connecting part includes a wing portion extending from each of two
ends of the protrusion portion.

Claim 21. (Currently Amended) The cable connector according to claim ~~19~~,
17, wherein said protrusion portion is formed by a pressing process.

Claim 22. (Currently Amended) The cable connector according to claim ~~19~~,
17, wherein said plurality of grounding lines are bent and connected to said
connecting part.
